

Bereavement Support Services in Newham, and North East London

Mind in Tower Hamlets, Newham and Redbridge

Mind in Tower Hamlets, Newham and Redbridge offers bereavement support services across Newham, Tower Hamlets, and Redbridge. They provide a range of support options, including

information and guidance booklets, and have partnered with FCA Graduates to produce a booklet that helps guide members of the community through the potentially traumatic process of planning a funeral. Their ambition is to remove some of the stigma around planning and paying for funerals by talking sensitively, but also openly and honestly about the process and associated costs, and how to plan a loving and dignified funeral with any budget. To relieve some of the distress caused by bereavement, the booklet contains information about the emotional and financial support offered by organisations in the local area, the government, and organisations that can help those wishing to celebrate their loved one's life in a way reflective of their religious beliefs and traditions.
